Content
The main contents and purpose of the course is to give the student an introduction to the state of fashion, in Sweden as well as internationally, as well as provide a basic understanding of a selection of theoretical perspectives within social sciences (such as accounting) and their application within business administration and textile management. Ethical and sustainability issues will also be discussed in relation to the field of textile management.

Learning Outcomes
After completing the course the student should be able to:

Knowledge and understanding
1.1 give an overall account of central concepts, research questions and theoretical perspectives within business administration and textile management,
1.2 describe the state of the fashion industry in Sweden and internationally,

Skills and Abilities
2.1. apply basic business practices and models in a textile business context,
2.2. apply basic models of business administration in a textile business context,
2.3. reflect upon fundamental driving forces in the global fashion industry from the perspective of different internal and external stakeholders,
2.4. on a basic level and from selective research questions, reflect upon the company’s role in the textile value chain,

Judgement and approach
3.1. independently relate to and critically evaluate different management decisions within the textile business context founded in different theoretical perspectives,
3.2. to, at basic level, give operational suggestions on business decisions founded in different theoretical perspectives.

Forms of Teaching
Teaching in the course consists of lectures and seminars.

The language of instruction is English.

Forms of Examination
The course will be examined through the following modes of examination:

Exam: Individual written exam
Learning outcomes: 1.1-1.2, 2.1-2.4, 3.1-3.2
Credits (hp): 2.5
Grading scale: A-F
Student who receive “not passed” will do a reexamination in accordance with student rights.

Seminar attendance: Active participation at seminars
Learning outcomes: 1.2, 2.1-2.4, 3.1-3.2
Credits (hp): 1
