Content

The thesis is based on knowledge acquired from previous master's programme courses. The thesis may be carried out in collaboration with a national or international enterprise, organization, or a university in an interdisciplinary context, or as a theoretical study of a subject relevant to the master's programme.

Learning Outcomes

The thesis project is the final effort for a Master's Degree. After completing the course students should be able to:

- Use the knowledge acquired during their studies for the solution of problems that are compatible with the education programme.
- Formulate, plan, organize and implement a major project assignment by addressing a topic for which analyses are made and conclusions are drawn.
- Benefit from the contents of the relevant literature in the field and relate the work to the context.
- Use their skills for presentation of their thesis, both orally and in writing.

Forms of Teaching

- Individual tutoring, both in English and in Swedish
- Supervision of seminars

Instruction is in English.

Forms of Examination

with regard to the given learning outcomes.

Course work is assessed with the grades A, B, C, D, E, Fx, or F (ECTS-grade scale). examination.

Student rights and obligations at examination are in accordance with guidelines and rules for the University of Borås.

Literature and Other Teaching Materials

Literature is chosen according to the nature of the thesis and in consultation with the tutor.

Literature is chosen for the work focus and as agreed with tutors.

Student Influence and Evaluation

The students' opinions are collected systematically and regularly through written course evaluations once the course is completed. One time per semester, student representatives, together with the Director of Studies and Programme Directors, evaluate completed courses.

For additional materials, please refer to the University's policy on course evaluation and documents established by the Department Board, the Director of Studies and the Course Director.

Miscellaneous

The course is primarily a programme course for the Master's Degree Programme Applied Textile Management.
