Learning Outcomes

The course aims to develop students' technical skills for artistic interpretation through experimental knitting, through independent artistic design work, and through planning, preparing and presenting design work from initial idea through to the completion of garments for display. After completing and passing the course, students at first-cycle level should be able to:

- demonstrate the ability to develop new artistic expressions through the development of techniques
- demonstrate the ability to design garments and collections using tricot and knitting
- demonstrate an individually developed language of design
- develop and realise ideas for garments and prototypes using a hand knitting machine

The main focus of the course is on learning outcomes: 1a-b, 2a-b, 3a-b, 4a-b, 5a-b, 6a-b.

Forms of Teaching
