### Content

Visual communication is vital to the way in which a brand is perceived and positioned. The ability to select and combine images and text in order to convey the right message is an art in itself. Tuition on the course teaches communication design and students are allowed to develop their creative processes.

### Learning Outcomes

After completing and passing the course, students should be able to:

- Describe the fundamental aspects of visual communication: fashion photography, typography, layout, graphic design and the various online and print communication media.
- Use the process to compose text and images.
- Analyse and describe different communication media.

### Forms of Teaching

Teaching consists of independent work, lectures and practical exercises. Teaching will take place through the medium of English.

### Forms of Examination

Examination of the course occurs through:

- Project work and oral presentation 4.5 Grading scale: EC
- Individual written report 3 Grading scale: EC

Student rights and obligations at examination are in accordance with guidelines and rules for the University of Borås.
