Main Field of Study (Progressive Specialisation): Textile and Fashion Design (A1F)

Disciplinary Domain: Design

Prerequisites: A pass in the Design Project – Specialisation Project 7,5 credits course (or equivalent).

Subject Area: Design

Grading Scale: Fail (U) or Pass (G)

Content

The course aims to deepen the results of the specialisation project through a series of design examples, e.g. in cooperation with a fashion or textile company/organisation, and/or through deeper knowledge of textile technologies, technology and theory. The course also aims to draw attention to sustainable issues in relation to a fashion- and/or textile industry. The main content of the course is as follows:

- Work with design examples with the aim of achieving further depth for a proposed design programme
- Practical experimental design work in studio, workshops and/or lab
- Public presentation (eg exhibition or display) of experimental work as a clear example of design program

Learning Outcomes

On completion of the course, students will be able to:

1. deepen and critically illustrate a given design programme through clear design examples,
2. analyse and critically reflect on a given design programme, with a particular focus on cultural, economic, ethical and environmental issues,
3. present, justify and critically discuss a given design programme in relation to a contemporary context.

Forms of Teaching

The teaching takes the form of seminars, workshops and individual supervision.
